

GigaCloud Technology Inc Again Recognized in the Top 20 on Forbes' List of America's Most Successful Small-Cap Companies

November 17, 2025

Highlighting Continued Growth and Leadership in Global B2B Commerce

EL MONTE, Calif., Nov. 17, 2025 (GLOBE NEWSWIRE) -- GigaCloud Technology Inc (Nasdaq: GCT) ("GigaCloud" or the "Company"), a pioneer of global end-to-end B2B technology solutions for large parcel merchandise, today announced that it has been recognized on *Forbes'* prestigious list of *America's Most Successful Small-Cap Companies 2026*. This marks the second consecutive year that GigaCloud has been included in the annual ranking, following its No. 1 placement in 2025.

"Being named to Forbes' list for the second consecutive year signifies broad recognition of the strength and durability of the GigaCloud Marketplace ecosystem," said Larry Wu, Founder and Chief Executive Officer. "In an era of rapid technological advancement across sectors, we are leveraging innovation to enhance the efficiency of how big and bulky goods trade and move. This recognition underscores our continued focus on creating long-term value for our shareholders and marketplace participants, supported by a business model built to scale with resilience and discipline across diverse markets."

Forbes evaluated approximately 1,400 U.S. small-cap companies with market capitalizations between \$300 million and \$5 billion. Companies with a share price below \$5 or declining revenue over the past year were excluded. The final list was determined using a weighted analysis of stock return, sales growth, return on equity and earnings growth over the past five years, with greater emphasis on the most recent 12 months.
