<sup>(1)</sup> One of our fulfillment centers in Japan experienced a fire in March 2024. We recognized losses as a result of the fire. Based on the provisions of our insurance policy, the gross losses have been reduced by the estimated insurance proceeds expected to be received from our insurance carrier. We have determined that partial recovery of the incurred losses is probable and therefore recorded net losses of \$308 thousands in the nine months ended September 30, 2024. We do not believe such losses to be recurring or frequent in nature.
